- **Sep. 28:** Volleyball vs. Nixa (Home)
- **Sep. 29:** Cross Country @ Marshfield
- **Sep. 30:** Volleyball vs. Bolivar (Home)

Back to School, and ready to roll!

We are currently putting the finishing touches on items at the middle school and getting ready for the students to return from their summer break. This has been a busy summer at the middle school in terms of building projects. Allied roofing endured the triple digit heat in early August to complete the repairs made to the middle school roof. They replaced the roof from the middle school commons all the way back to the band room. Mr. Wildes and the maintenance crew, Mr. Kovach and the technology department, and the middle school custodial staff have also been working hard at refurbishing the

middle school shop building to get it ready for the S.E.C. school to move into their classrooms. A special thanks to the middle school custodial staff: George, Ron, and Darin, for their hard work this summer in completing these projects and getting the building ready for the staff and students to return!

The LRMS Leadership Team, along with other leadership teams from the district, attended the PLC Summer Academy which was held from July 19-July 21. The time the leadership team had to spend together was extremely valuable in preparing for the middle school's journey into develop-

ing into a true professional learning community. Thank you to Allison Boyer, Mark Kugler, Rhonda Simon, and Aaron Gerla for giving up part of their summer to attend the conference.

Currently our enrollment to begin the 2010-2011 school year is at 339 students. Our 8th grade enrollment is at 158 students and our 7th grade enrollment is at 181 students. Classes will begin at 7:35 am on Wednesday, August 18. Our faculty and staff are looking forward to the return of the students.

Welcome to the LRMS Team!

The middle school staff has three new members joining us for the 2010-2011 school year. Andrea Otto will be teaching 7th and 8th grade Mathematic courses this year. In May, Andrea graduated from Missouri State University and is entering her first year in education. Kimberly Yeary is entering her ninth year in education. She has taught in the Fair Play and Ozark School districts in

the past. Kimberly will be teaching 7th and 8th grade English courses for the upcoming year. Payge Stuart will be returning to the middle school as one of our office secretaries. This is Payge's 5th year working in the Logan-Rogersville school district. The middle school staff is looking forward to having her back. Welcome to all three of these ladies. We look forward to having them

as part of the LRMS family for the upcoming school year!
